### EASEC-15

The Fifteenth East Asia-Pacific Conference on Structural Engineering & Construction

<http://easec15.tongji.edu.cn>

**Xi'an, China**  
**October 11-13, 2017**

*Organized by:*

**Tongji University**  
**Xi'an University of Architecture and Technology**

## Call for Papers

All the prospective authors are invited to sign up and upload paper abstracts/papers through the conference website.

## Special Sessions

Authors who want to organize special sessions for the conference, please follow the instructions on the conference website. You can select a topic of your session within the scope of the conference. A typical session consists of one leading paper and five regular papers. The session organizer with quality session papers may be considered as scientific committee members of the conference. The registration fee of the session organizers will be returned in cash.

## Special Issues

A special issue in the International Journal of Structural Stability and Dynamics (IF=1.028) will be arranged to publish 12-14 selected conference papers.

A special issue in Engineering Structures (IF=1.892) is still under arrangement.

Each special session can nominate one paper to be considered in the special issue.

## Important Dates (Subject to change):

First Announcement:	March 15, 2016
Deadline for Special Session Proposal:	December 15, 2016
Deadline for Submission of Abstracts:	January 15, 2017
Deadline for Submission of Full Papers:	May 31, 2017
Conference Dates:	October 11-13, 2017

## Conference Language

English is the official language in the conference. Papers are to be written and presented orally in English.

## Registration (Tentative):

Full Participants:	USD 500 (Including Banquet)
Students:	USD 200 (+50 if including Banquet)
Accompany Persons:	USD 180 (Including Banquet)

- ✓ Analytical and Design Methods
- ✓ Artificial Neural Networks
- ✓ Bridge Engineering
- ✓ Composite Material/Structures
- ✓ Computational Mechanics
- ✓ Concrete Technology
- ✓ Construction Management
- ✓ Construction Techniques
- ✓ Deep Tunnel
- ✓ Disaster Prevention
- ✓ Earthquake Engineering
- ✓ Experimental Methods
- ✓ Fire Resistance Design
- ✓ Forensic Engineering and Case studies
- ✓ Green Energy
- ✓ Innovations in Structural Design
- ✓ Long Span Bridges
- ✓ Maintenance, Repairs and Rehabilitation
- ✓ Nano-scale Mechanics
- ✓ New Construction Materials
- ✓ Nonlinear Structures
- ✓ Plates and Shells
- ✓ Safety and Reliability
- ✓ Soil Structures Interaction
- ✓ Standards and Codes of Practice
- ✓ Steel Technology
- ✓ Structural and Solid Mechanics
- ✓ Structural Dynamics
- ✓ Structural Health Monitoring
- ✓ Structural Stability
- ✓ Sustainable Buildings
- ✓ Tall Buildings
- ✓ Wind Engineering

## Location

### Conference Venue

Sofitel Xi'an (Sofitel Xi'an on Renmin Square) is located right in the heart of city wall, within walking distance to the historic Bell and Drum Towers and the Moslem Street adjacent to modern shopping and entertainment areas.

*Address: 319 Dong Xin Street, Xi'an, Shaanxi 710004, China*

### About Xi'an City

Xi'an is the capital of Shaanxi province, located in the northwest of the People's Republic of China. As one of the oldest cities in China, Xi'an was known as Chang'an before the Ming dynasty. The city is the oldest of the Four Great Ancient Capitals of China, having held the position under several of the most important dynasties in Chinese history, including Zhou, Qin, Han, Sui, and Tang. Xi'an is the starting point of the Silk Road and home to the Terracotta Army of Emperor Qin Shi Huang. Xi'an is internationally famous as home to China's most revered ancient relics. Considered a "natural museum" with its abundance of historical and cultural treasures Xi'an beckons tourists from all over the world.

## Background

The East Asia-Pacific Conference on Structural Engineering and Construction (EASEC) conference was firstly held in Bangkok during January 15-17, 1986. Thereafter, the conference has been held in Thailand, China, Korea, Australia, Taiwan, Japan, Singapore, Indonesia, Hong Kong, and Vietnam. The objective of this conference is to provide a forum for professional structural and construction engineers and researchers to present recent progress in research and development, and also to report implementation of new tools and technologies in practical applications.

The EASEC-15 Conference will be held on October 11-13, 2017 at Xi'an, China.

## Organizations

Tongji University, China  
Xi'an University of Architecture and Technology, China

## Supporting Organizations

Chinese Academy of Engineering  
National Science Foundation of China  
State Key Laboratory for Disaster Reduction in Civil Engr.  
China Civil Engineering Society  
China Highway and Transportation Society  
Architectural Society of China  
China Steel Construction Society  
China Construction Metal Structure Association  
Tsinghua University  
Harbin Institute of Technology
